CONSTRUCTION TIPS

- Fairy house should be fairly durable to weather elements in the Special Events Field.
- Create a strong base structure to build your house on for easier transport, although make it light enough to carry!
- Be creative! Make a fairy garden or use a fun panting pot as the base for easy transportation.
- We recommend you use all natural materials to build your fairy house or garden (dry grasses, leaves, sticks, bark, pebbles, pine cones, acorn, and more!)
- Decorate your house inside and out! This can include landscape and any indoor furnishings you wish to add.

To be used by Renaissance Festival staff only:
